# SWIM WITH CONFIDENCE

## PRIVATE & SEMI-PRIVATE SWIM LESSONS

Private & Semi-Private "Buddy" Swim Lessons will provide participants with individual instruction from one of our swim lesson instructors. Private Lessons can give focused and specific instruction at an individual's own pace. Instructors encourage participants to practice skills learned through our program to help improve swimming ability and strength in the water. Participants must be 3+ years old. We teach youth, teens, adults and seniors.

### HOW TO GET STARTED...

COMPLETE THE REQUEST on the other side of this flyer and one of our instructors will contact you within 48 hours to discuss your training plan and recommendations. Please note lessons may take up to 2 weeks to commence during our busy season.

## Private Swim Lesson Guidelines:

1. All Swim Lessons must be paid for, prior to setting any appointments with instructor.
2. All sessions must be used within ninety days (90) of purchase date. After 90 days, neither the instructor nor the YMCA is obligated to the client for the remaining sessions.  
**Note: Any exception to this may be considered upon written request and YMCA Director approval.**
3. Any special promotions expire in the fiscal year in which they were purchased.
4. Any cancellations (by either party, the YMCA member or instructor) must be made at least 24 hours in advance; however, either party may adjust this with prior written agreement.
5. If a 24 hour notice of cancellation by the member is not given, member will be charged for that session.
6. No refunds will be made unless member becomes disabled and unable to participate in Private Swim Lessons for 30 or more consecutive days. Such disability must be documented by a physician.
7. Unused sessions may be transferred to a family member or another member upon written request and YMCA approval.
8. We will not be able to accommodate late arrivals due to scheduling of other appointments. i.e. if member has a 10 a.m. appointment for a one hour training session and arrives at 10:10, the training session will still end at 11 a.m.

I have read and agree to the above mentioned Private Swim Lesson Guidelines.
