Private Swim Lesson Guidelines:

1. All Swim Lessons must be paid for, prior to setting any appointments with instructor.
2. All sessions must be used within ninety days (90) of purchase date. After 90 days, neither the instructor nor the YMCA is obligated to the client for the remaining sessions.
Note: Any exception to this may be considered upon written request and YMCA Director approval.
3. Any special promotions expire in the fiscal year in which they were purchased.
4. Any cancellations (by either party, the YMCA member or instructor) must be made at least 24 hours in advance; however, either party may adjust this with prior written agreement.
5. If a 24 hour notice of cancellation by the member is not given, member may be charged for that Lesson.
6. No refunds will be made unless member becomes disabled and unable to participate in Private Swim Lessons for 30 or more consecutive days. Such disability must be documented by a physician.
7. Unused sessions may be transferred to a family member or another member upon written request and YMCA approval.
8. We will not be able to accommodate late arrivals due to scheduling of other appointments. i.e. if member has a 10 a.m. appointment for a one half hour lesson and arrives at 10:10, the training session will still end at 10:30 a.m.

I have read and agree to the above mentioned Private Swim Lesson Guidelines.
